Dear _____

This year my orchestra at MYA will be traveling to Chile and Argentina, and I am really looking forward to the trip!

Arrival is in Santiago, Chile where we will play our first concert. We will be performing in the Argentinian towns of Mendoza, San Juan, Cordoba and Rosario, visiting museums, the Iguazu falls, sightseeing and learning to tango in between. We end our tour in Buenos Aires where we get to witness the "gauchos" at an Argentine BBQ and listen to their folk music.

I am looking forward to exploring places that I would not normally get to see, getting to know people and letting them get to know me, trying new foods and seeing new sights—all of this while I get to play great music in beautiful South American performance halls!

A trip like this provides me with the chance to share my musical talents and be an ambassador for our country to people who might not meet Americans in any other circumstances. Sometimes music is the only thing that brings people together.

I would love it if you would help me by contributing to my "Chile and Argentina Trip Fund" for my (Birthday, Christmas, Hanukkah, etc). I promise to send postcards and tell you all about the trip when I get home. I already know it will be inspiring musically and personally!

I would love it if you would purchase CDs/ chocolate from me as the money I earn will, in part, go towards my trip. I already know the tour will be inspiring musically and personally!

I really appreciate your help.

Sincerely,
